Telecom Sector Performance Overview

Sector-wide KPI trends, growth indicators, and telecommunications performance insights

Financial Year: All

KPI_Category: All

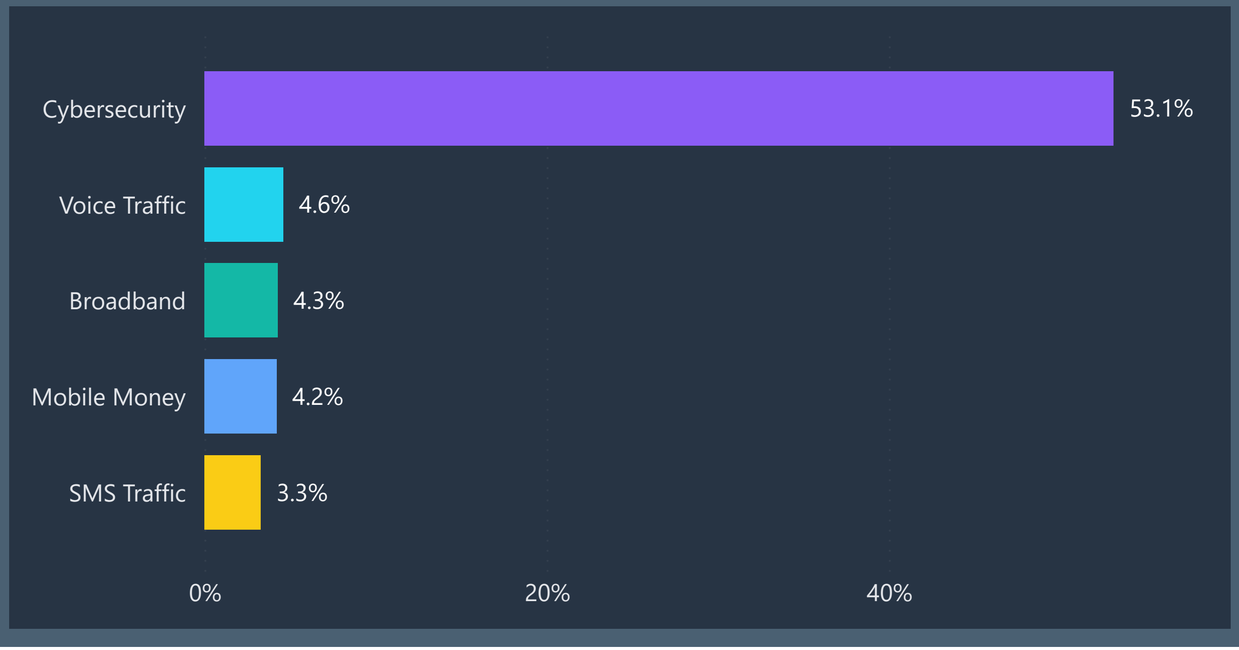
Financial Quarter: Q1 Q2 Q3 Q4

Total Value	Voice Traffic	SMS Traffic	Subscribers	Broadband Growth	QoQ Growth	Mobile Money Growth
137.03bn	116.51bn	14.15bn	1.32bn	4.3%	5.5%	4.2%

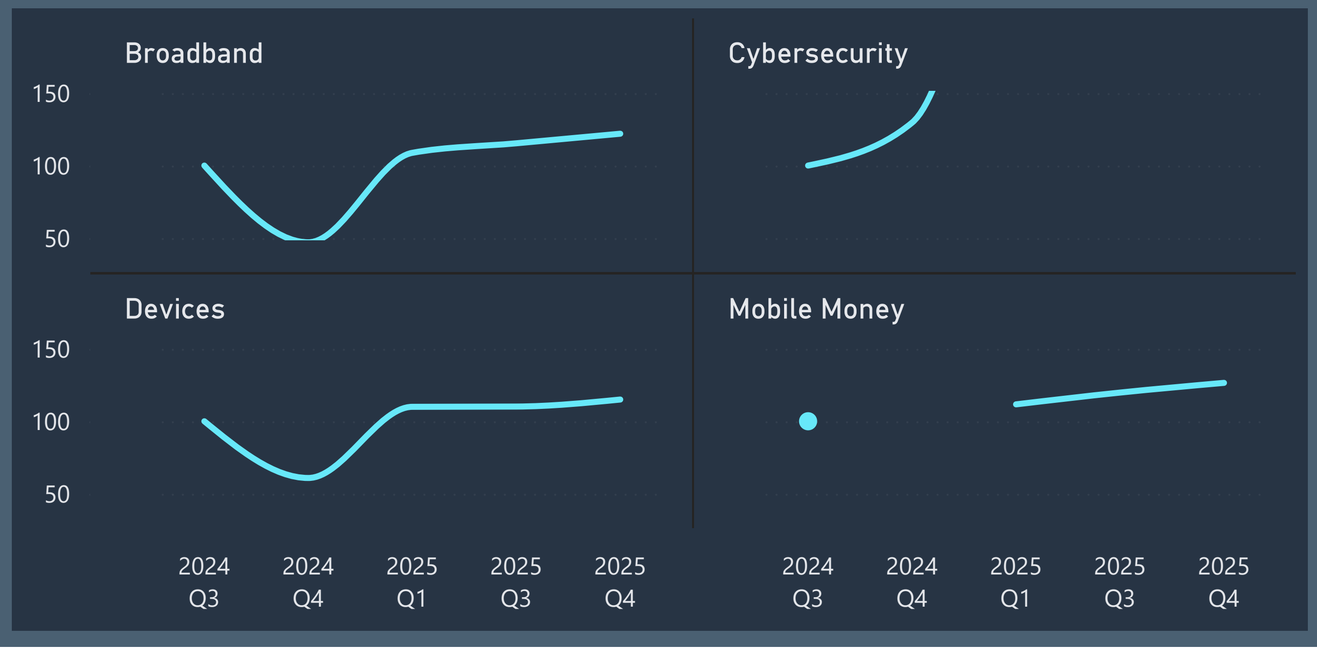
Cybersecurity indicators recorded the strongest growth momentum across the telecom sector, while broadband metrics rebounded steadily following the 2024 Q4 slowdown.

Quarterly KPI Growth Comparison

Comparing quarter-over-quarter growth across major telecom indicators



Indexed Telecom KPI Growth Trends



Mobile Market Analysis

Device adoption, smartphone penetration, and subscriber trends

Financial Year: All

KPI_Category: All

Financial Quarter: Q1 | Q2 | Q3 | Q4

Smartphone Value	Smartphone Penetration	Smartphone Growth
214.62M	32.50%	5.98%

Smartphones continue dominating device adoption trends, while feature phone usage shows relatively stable market persistence across recent quarters.

Device Market Composition
